My dear Mr. Granberg:

Will you join me in signing the enclosed letter in support of Dr. J. M. Henderson, First Vice President of the American Numismatic Association for the office of President to be elected at the Montreal Convention.

I believe the reading of the letter will indicate to you why Dr. Henderson's candidacy should be championed.

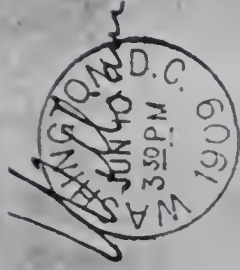

No doubt you have seen the last catalogue of Thos. L. Elder, the last page of which he devotes entirely to the candidacy of Mr. Higgins. I intend to appeal to all of the dealers and some collectors to support Dr. Henderson for the Presidency. I enclose list of names to whom a copy of this letter will be sent. If you approve, kindly sign the letter and mail in the enclosed envelope so that it will reach Dr. Henderson as early as possible. If you do not approve, please return letter to me with your comments.

Very respectfully,

William B. McKinley
P. S. If agreeable, sign as indicated on the enclosed slip

Dear Mr. Granberg:-

Well, I have just secured the passage of our Charter Bill, by the House, and had the fight of my life. I was in charge of the bill and was under running fire for two and one-half hours. Had a roll calls and much opposition. I will send you a copy of the Record in the morning, by which you will be able to see that I did not have easy sailing, and it was carried by only a small majority. However, it passed the House and I think I can get it through the Senate, without much trouble. I would not shoulder such a job again for much less than an 1804 Silver Dollar. Knows of your state helped me out well.

62D CONGRESS, } HOUSE OF REPRESENTATIVES. { REPORT
1st Session. } No. 150.

AMERICAN NUMISMATIC ASSOCIATION.

AUGUST 18, 1911.—Referred to the House Calendar and ordered to be printed.

Mr. ADAIR, from the Committee on the District of Columbia,
submitted the following

REPORT.

[To accompany H. R. 12623.]

The Committee on the District of Columbia, to which was referred the bill of the House (H. R. 12623) to incorporate the American Numismatic Association, respectfully reports the same with the recommendation that the bill do pass.

This association, as the bill sets forth, is—

to assist in bringing about better cooperation between all persons interested in the coinage, circulation, classification, collection, sales and exhibition, use and preservation of all coins, bills, and medals; to acquire and disseminate trustworthy information upon these topics; to promote greater popular interest in the science of numismatology, etc.

Its object and operations are not for pecuniary profit.

The membership includes every State in the United States and the Provinces of Canada, and the members are high-class American citizens who have affiliated themselves together for recreation, social and educational advantages.

The passage of this bill will institute no new policy in District legislation, and the committee therefore recommends its passage.

My dear Sir:

I have yours of February 8th, written as chairman of your association, commending in high terms, H. R. 12623, and in reply I beg to say while I have not examined in detail this bill, I can see where a general bill of this sort, unobjectionable in its details, would be very desirable, and when it shall come before the Senate for action, I will surely give your views very great consideration in connection therewith. I suppose that if it comes before the Senate it will be referred to this committee. I am glad to hear from you personally as I always am of present and past citizens of Wyoming.

Dear Mr. Granberg:

I am sending you the December report, which is also for the end of the year 1913.

This seems to be a satisfactory report, for not only have we printed 677 pages against 532 last year, but we have a balance to carry into 1914 of 162.87 against \$65 last year, and have outstanding accounts, all good, of about \$125, whereas at the end of last year we had nothing outstanding, as on account of the shortness of funds I made it a point to get in all that was due us.

We are therefore going to start the year 1924 under peculiarly fine and promising conditions.

I have had my books checked over by Mr. Brenner up to the end of November. And am sending you vouchers that he asked me to make out to be O. K'd by you, in order to be regular. I will appreciate your return of the bills and vouchers as soon as possible. Mr. Brenner desires to take the books down to Cincinnati, where they will be audited.

Hoping to hear from you soon, I am, with kindest regards,

Sincerely yours,

Dear Mr. Granberg:

I am sending you herewith the statements for December, 1914, and January, 1915.

You will notice that we come out of January with an eight-cent deficit, which is not much when you consider the general hard times.

Our main income has not started yet, but I promise you that our showing in May will be better than last year, even if we are so short of funds now, for I shall make it my business to curtail expenditures until we are on a very solid basis.

I have enough money coming to me for "ads" now due to total not less than \$125, and with other income I expect to come out of February issue about even, perhaps ahead. I am very well satisfied with our showing now, and I know you will be also a month or two later. Usually I have had very heavy expense for January, February, and March, but I will curtail this, and restore the old balance of things. Will not publish more than forty pages till things look brighter.

I trust that your leg still continues to grow stronger, and hope to see you about soon. With kindest regards to you and your family, I am,

Sincerely yours,

Dear Mr. Granberg:

I herewith inclose my reports for February and March, 1915. You will note that we are gradually getting in better financial condition, owing to the usual increased receipts and lower expenditures, which I am keeping within reasonable limits. We go into ~~the~~ April with at least \$450, and much more is due us, but we will probably have very slack times later on in the year, and I want to provide for them. For a while I think it is advisable to keep the Numismatist at the present size of about ~~thirty~~ forty or a little more pages until we see daylight. Am getting practically nothing from our foreign advertisers, ~~although~~ although our local advertising is holding its own very well. Things numismatically are quiet here in the East, and probably will remain so for some time to come. I have carefully noted your reference to the paper money collection, and will do everything I can to get a purchaser for it, although it may be difficult to get any one interested just at the present moment. I trust that you are fast recovering the use of your leg, and that you will soon be able to get about. Please let me know re. the plans for the 1915 convention as soon as you can. Personally I expect to go to S. F., but I do not think many will go from the East. With kindest regards, I am,

Sincerely yours,

Dear Mr. Granberg:

I am sending herewith the report of the Numismatist for April. You will note that we have a balance of \$41.00 after April's expenses are paid, and everything now points to our ability to make ends meet.

It is my intention to proceed cautiously, in order that there shall be no question of coming out the year on the right side of the ledger.

I believe we will lose some members this year, owing principally to the hard times, but I believe we will get them again later on when business picks up.

Have you made any further move in regard to the place of holding the convention? Personally, I would favor holding it at S. F. if there was a possibility of doing so. I think the West is entitled to at least one convention, and there never will be a more favorable time than the present one.

I hope most sincerely that your general health will soon improve, and that you will be able to resume your old-time activity. You must realize that it will take a good long time to get you back in shape again, but I think you will in time. Don't get discouraged because it seems to take a very long time. That is to be expected when one considers the terrible shaking up you got. I am sure that with continued rest you will before long note a general improvement.

Do you think you will be able to get down this way soon? A trip or change of air might do you a lot of good. If I were you, I would soon as I felt physically able, I would make a change for a time. It might give good results.

With kindest regards, I am, Sincerely yours, *E. H. Adams*

Dear Mr. Granberg:

Your notice of dates for convention at San Francisco for Aug. 30 and 31, and Sept. 1, received, and will appear in the June Numismatist.

I am sending the report for May, 1915, Numismatist, wherein you will note that we carry the sum of \$526.68 over to June, which is, all things considered, a very good showing.

We are going to have a bad year, and the indications now point to a slump in membership of over a hundred.

Of course this, with a falling off in our "ads," will much limit our income, and I am safeguarding our funds as much as possible.

From present prospects I expect to visit San Francisco, and hope to have the pleasure of seeing you and Mrs. Granberg there.

With kindest regards, I am,

Sincerely yours,

my dear m

I mean

have replied to

your letter sooner but absolutely
could not get to it.

I do not see anything to change or
add to your specimen charter. I am
no lawyer so might over look some
fine points in wording. I take it the
A.N.A. has the right to issue charters.

It really an official sanction for branches to
form under the wings of the A.N.A.

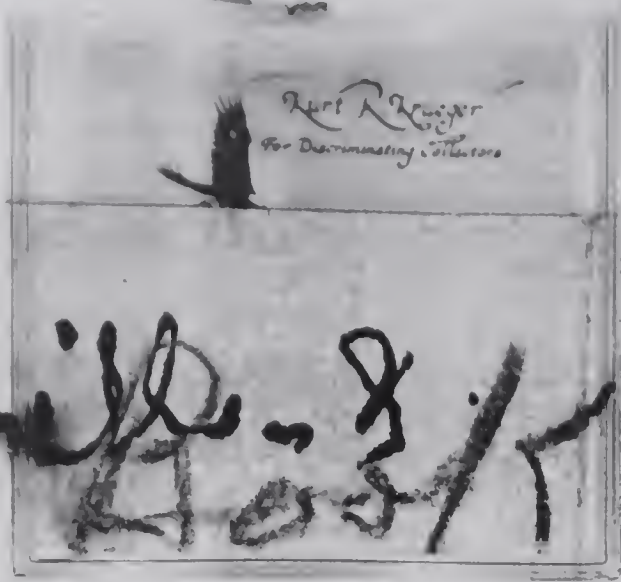

This you know has nothing to do with McLachlan's
addition to our constitution making corporate
members. such as libraries, numismatic societies
etc. The Boston Numismatic Society has applied
for corporate membership in the A.N.A. but in
no sense does it apply for a charter or
a branch membership. None of the older
societies would think of this.

I approve of issuing charters to
those that apply for the same.

I am glad to know the Habris peaker
is turning out so good but just now
have no spare cash to put in anything -
not even coins. I never run across any
Bioner gold around here except in dealers
hands.

Very truly

Mr. H. O. Granberg,

Dear Sir:

Your letter enclosing draft of charter for branch societies received. There is one change of wording that I would suggest. As it reads now it appears that the annual conventions are made up ~~entirely~~ entirely of delegates from the branch societies. I think this should be made to read "individual members of the A.N.A. and delegates from the branch societies" etc. I also think it best to preserve the name of "Branch" for such societies, so that such branches may readily be distinguished from other numismatic societies which ~~have~~ are not connected with the A.N.A.

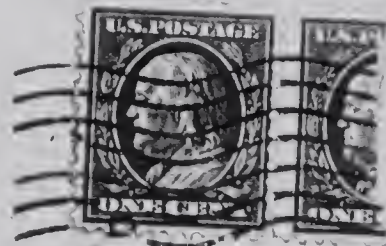

My personal opinion is that the branch societies will not strengthen the parent society. I believe that best results will come from a single national society, and that all efforts should be directed toward making that a strong one.

Up to date I have not received a ballot for the election of officers nominated at Rochester, and I suppose that none have been sent out, though the 40 days required by the constitution has long since passed. I do not ~~at~~ know why this has not been done, unless it has been thought unnecessary because there are no contests. If no ballots are sent out, there will be no election, in which event I would think the old officers would hold over for another year, and this may cause trouble.

Very truly yours,

THE AMERICAN NUMISMATIC ASSOCIATION HAS FOR ITS ORGANIZATION—The largest and most active numismatic body in the world. It invites and will welcome to membership all worthy persons who have a sincere interest in the subject of numismatics, whether they collect coins, paper money or medals, whether advanced or young collectors or generally interested in the subject without being collectors.

The Association was founded in 1891, and has over 1,100 active and honorary members in nearly every State in the Union, in Canada, and in several foreign countries. It is an incorporated body, having been granted a Federal Charter by an Act of Congress in 1912. It is purely a mutual organization. None of its officers receive salaries. From the annual dues the expenses of printing, postage, stationery, etc., are paid.

OBJECTS—Its objects are to encourage and promote the science of numismatics by the acquirement and study of coins, paper money, and medals; to cultivate fraternal relations among collectors and students; to encourage and assist new collectors and to foster the interest of youth in the subject; to stimulate and advance affiliations between collectors and kindred organizations in the United States and foreign countries; to acquire and disperse numismatic knowledge; to form and maintain a cabinet of numismatic specimens and a library of numismatic literature for the use and benefit of its members, and to demonstrate the fact that numismatics is an educational, serious and entertaining pursuit; and generally to represent coin collecting interests as a national organization.

ADVANTAGES—To be a member is to have fraternal affiliation with numismatic students and collectors of the world, to know their addresses and collecting specialty, and to have the honor of serving strangers with references, as an entree with dealers and collectors. Members receive free of all charges all publications of the Association, except the Numismatist.

OFFICIAL PAPER—The Association owns and publishes the Numismatist, a monthly magazine, carefully edited and splendidly illustrated, and the best monthly publication exclusively devoted to numismatics. Its pages are free to all members to express their views and to contribute articles for the advancement of the subject. Inquiries are answered for those seeking information. The reports of public auction sales of large collections in the leading cities of the world are a guide to market values. A new volume begins the first of every year. Volume XLII (1929) contains about 860 pages.

BRANCH SOCIETIES—Affiliated with the American Numismatic Association are several corporate member societies located in Chicago, Ill.; Rochester and Buffalo, N. Y.; New York City; Springfield, Mass.; Boston, Mass.; Pittsburgh and Philadelphia, Pa.; Cleveland, and Youngstown, Ohio; San Francisco and Los Angeles, Calif.; St. Louis, Mo.; Detroit, Mich.; Washington, D. C.; Dallas, Texas; Greenville, S. C.; Moorhead, Minn., and Montreal, Canada. The bearer of a membership card in the A. N. A. will receive fraternal greetings and welcome at the meetings of these societies.

LIBRARY—The Association owns a numismatic library for the use and benefit of its members, kept in the City Museum at Rochester, N. Y. The books are loaned to its members upon request to the General Secretary, without charge, subject to reasonable restrictions. The Association is also gathering a coin collection, on display at the same institution.

CONVENTIONS—Conventions of the A. N. A. are held annually, and are sources of intellectual profit to all who attend. Every member is entitled to a voice in these gatherings. The business sessions are devoted to the serious side of numismatics, while the recesses afford opportunities for banquets, smokers, excursions, and other forms of entertainment, and for personal acquaintance with coin collectors from all parts of the U. S. and Canada. The splendid exhibits of numismatic specimens at these conventions (which are open to the public) have become notable features of these gatherings.

American Numismatic Association

- Charter -

To all to whom these Presents shall come:

Know ye, that the American Numismatic Association of the United States of America established for the purpose of spreading Numismatic knowledge and affecting a systematic organization among members studying this science and composed of delegates from Numismatic Societies in different sections of the country and which assembles annually in General Convention, doth upon proper application grant unto Ben J. Green, President and Theo. E. Leon, Secretary, Chas. Ripstra, Treasurer, E. Stevens, Richard Loer and their successors this Charter for the establishment and future maintenance of a Numismatic Society in the City of Chicago, State of Illinois, to be known as the Chicago Numismatic Society No. 1 of Chicago, Illinois.

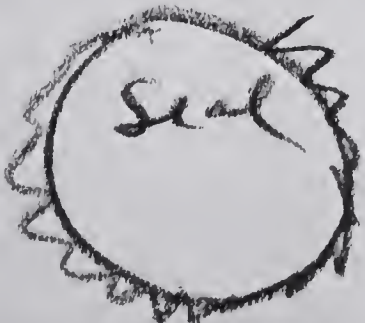

Whereas the conditions of this Charter is such that said Society shall be subordinate to and comply with all the requirements of the Constitution of the American Numismatic Association and it shall not at any time fail to be represented at the Annual Convention, and all its deliberations be guided and controlled by the enactments passed at such Convention of the American Numismatic Association.

And as long as the said Society adheres to the above conditions this Charter to remain of full effect and virtue but upon infraction thereof, the American Numismatic Association may revoke this Charter when all privileges secured thereby, shall be annulled.

In witness whereof we have hereunto set our hands and affixed the Seal of the American Numismatic Association, this 17th day of October, 1912

Dear Mr. Granberg,

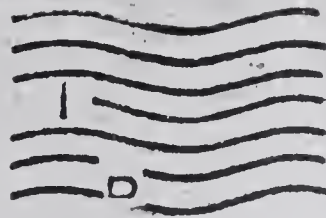

Just returned from a weeks absence and received yours 1st April - am afraid I'm somewhat late in assisting you in the deciding as to whether the A. N. A. Convention is to be held this year in San Francisco or Baltimore, although I have nothing more to add to what I have already said and written.

My own sickness ^{this winter}, and the sickness and death of my mother two weeks ago have so engrossed my mind and time that I have really not learned of a thing which might help us out. San Francisco would be all right if enough members could be induced to go in order to make a respectable showing - True, it is, that new members might be secured in California but I don't think we should depend too much upon a "California" convention. It would be difficult to induce all the members who intend visiting S. F. to go at the same time, and with our small membership at best (mostly from the East) it does not look practical. The outside world naturally looks upon a National body

to be of some size, and should we hold our
convention out there with but a ~~hand~~ hand-ful
of members attending, I think it would do
us more harm (as an association) than good.
However, if you have decided to go to S. F.,
it will be a satisfactory conclusion for me,
although I do not expect to be able to go, and
I will do my very best to make it successful.
If I go, I may not be able to say "what time"
so am fixed like a great many others.
Am sorry you did not indicate what the
other governors have advised. Perhaps they
too are "willing to leave it to Mr. Granberg"

Very Truly Yours

EDGAR H. ADAMS, EDITOR

BROOKLYN, NEW YORK

Mr. H. O. Granberg,
1004 Michigan St.,
Oshkosh, Wis.

Dear Mr. Granberg:

I am expecting to move from Brooklyn to New York City before very long, and this will make the publication of the Numismatist there out of the question, as the bulk, or, at least, a large proportion of our subscription list is located there, which would require a two-cent stamp on each, and make an expense of at least six dollars a month for that one item alone.

Consequently I have taken up the matter with J. Stowell again of publishing the Numismatist at Federalsburg. He informs me that he will mail, address the envelopes, and keep the mailing list corrected for \$7.75 a month.

This represents a considerable saving, not to say anything of expediting the placing of the magazine in the mails each month. Our express bill for this month, as you see, is \$8.01, the most of which will be saved with the magazine published at Federalsburg.

This seems to be the best thing to do, and I am going ahead with it unless I hear from you to the contrary.

I herewith inclose the report for the June Numismatist. We have, I think, issued a very satisfactory number, and transfer to July account the sum of \$598.15, which shows that we could issue the magazine this year without fear of deficit, if the proper economies are shown.

With regard to the reduction in the Mehl "ad", he wrote complaining that it had not been set up according to his instructions, and that in its state it was not worth more than half as much as the way he intended it

to appear. I referred to the copy and found that I had overlooked this matter, and consequently the matter was set up in regular page form instead of across the pages, one to follow the other as a single "ad." Of course he was right as to the instructions not having been carried out, but the matter of what the "ad" was worth to him is open to argument. However, as the simplest way of solving the matter I allowed him a discount of half the amount of the "ad."

Mr. Granberg, my business interests are becoming of such a nature that the work of editor and business manager of The Numismatist ^{then} interferes with ~~me~~. The duties of the Numismatist take up much more of my time than any ones imagines, and I now find them taking up time that should be devoted to other interests. Therefore, I have concluded to resign, and include a separate resignation.

In order to make the transfer to a successor as easy as possible I have made the resignation to take effect on July 31, the end of the Numismatist's business year, but should you desire I will agree to leave the August number, so that my books can be audited at the convention and turned over to my successor.

In arranging to have the M. published at Federalston, this will simplify matters for my successor, and there will not be any extra trouble. Mr. Stowell has always taken care of our interests in every way possible, and at the least possible expense. and I sincerely trust that he will continue to print the magazine.

My business and personal relations with you, Mr. Granberg, have been of such a character, that it is with keen regret that I retire from the management of this magazine, for you have always extended a friendly, encouraging hand to me and made my work a real pleasure, and it was

been a great honor indeed to have been associated with you. However, my withdrawal from the affairs of The Numismatist will, I trust, in no way interfere with our friendly relations,

For some time I have felt that the work of the magazine was taking up time that belonged more properly to other affairs, but I have continued, and now feel that I am leaving the magazine in fairly prosperous circumstances, notwithstanding the severe slump.

It certainly will be a pleasure to see you and Mr. Granberg at San Francisco. We expect to reach there some time about the early part of August, and both are looking forward with much pleasure to the trip.

With the kindest regards, I remain,

Sincerely yours,

E. H. Adams.
